

Curriculum Vitae for Trevor Jones

Experience and Expertise

Trevor Jones is a Forensic Accountant with Delbridge Forensic Accounting, having joined the team in April 2018.

Prior to joining the firm, Trevor worked for 15 years in a public practice firm in Western Queensland. He gained a practical knowledge of primary production accounting and the specialised legislative taxation matters affecting farmers. He predominantly assisted medium to large, family run business operations in the cotton, grain and livestock industries.

Trevor dealt with compliance matters for his clients, as well as financial statement preparation and taxation.

Professional and Academic Qualifications

Trevor's background in Chartered Accounting and advising small to medium businesses and individuals gives him an excellent foundation for the analysis of the financial and taxation matters that arise when businesses, superannuation and other assets are valued for the purposes of Family Law and other proceedings.

- Bachelor of Commerce, University of Southern Queensland
- Member of Chartered Accountants Australia and New Zealand
