

Curriculum Vitae for Jacqueline Woods

Experience and Expertise

Jacqueline is an Associate Member of Chartered Accountants Australia and New Zealand, an experienced forensic accountant and Associate Director of Delbridge Forensic Accounting.

Since 1996 Jacqueline has been providing expert accounting reports for, or in anticipation of, litigation, other dispute resolution forums and for commercial purposes and assessment of economic loss in personal injury matters.

Over this period Jacqueline has given evidence as an expert witness in the Family Court of Australia, the Supreme Court of New South Wales and the Dust Diseases Tribunal of New South Wales. Jacqueline has played an integral role at all stages of proceedings from case formulation to implementation of final orders.

Jacqueline has provided expert reports and given expert evidence in a wide range of matters including:

- Valuation of businesses for commercial purposes and Family Law matters. Subject businesses have ranged from small owner operated businesses to larger complex organisations. Enterprises recently valued have included manufacturing operations, engineering and other support services to the mining sector, real estate and strata managers, construction and allied services, child care centres, agriculture and related services, pharmacies, professional practices (dental, legal, financial planning and accounting).
- Quantification of economic loss/damages arising from a wide variety of disputes including breach of contract, professional and medical negligence and personal injury.
- Advice in relation to the taxation consequences of proposed settlements or orders of the Court.
- Interpretation of the financial aspects of legal agreements.

Professional Background

Prior to joining Delbridge Forensic Accounting in 2018, Jacqueline worked with Horwath Corporate & Forensic Accounting Services in their Sydney office for 10 years, followed by working with RGL Forensics after moving to Bathurst in 2006, and later joining a local Chartered Accounting firm in Bathurst, Morse Group, to establish a Forensic Accounting service line.

Before specialising in Forensic Accounting, Jacqueline worked as an auditor, business services adviser and National Training Manager in Spicer & Oppenheim Chartered Accountants (Bristol and London, UK) and Baker Tilly Chartered Accountants in London, UK.

Technical Support

Jacqueline is a regular presenter of forensic accounting related topics.

Professional and Academic Qualifications

- Associate of Chartered Accountants Australia and New Zealand (CAANZ).
- Master of Arts – Accountancy & Economics, University of Dundee, Scotland.
