

Curriculum Vitae for Susanna Caroline Govender Forensic Accountant

Experience and Expertise

Susanna Caroline Govender is a Forensic Accountant with Delbridge Forensic Accounting, having joined the team as a consultant in February 2024.

Prior to joining the firm, Susanna worked with leading professional services firms including EY South Africa and PwC US. She has developed expertise in valuations, due diligence, and post-merger integration, supporting transactions across multiple industries and international markets.

Susanna has experience conducting business analysis, preparing financial models and reports, and managing key stakeholder communications. She has contributed to major corporate projects, including company carve-outs, acquisitions, and strategic internal initiatives.

Susanna's background in transaction advisory and corporate finance provides her with a solid foundation for the analysis of financial matters that arise when businesses and other assets are valued for the purpose of Family Law and other proceedings.

Professional and Academic Qualifications

- Postgraduate Diploma in Finance and Accounting – Monash South Africa
- Bachelor of Business Science (Professional Accounting) – Monash South Africa
